PROFESSIONAL SUMMARY

Information Systems graduate **from Bina Nusantara University**, specializing in **Business Intelligence**, with over **1 year of IT internship experience** in **business and system analysis, requirements gathering, solution design, and digital transformation** across the **Software Development Life Cycle (SDLC)**. Experienced in **functional and technical specifications, system architecture, application design, UI/UX, process modeling, SQL-based data analysis,** and **data transformation**. Skilled in **application testing** and **technical documentation**, with experience collaborating with **cross-functional teams** to translate business needs into **structured digital solutions** and support **continuous process improvement**.

TECHNICAL SKILLS

- **Programming Languages & Web Technologies:** Java (Java 11, JavaFX), HTML5, Google Apps Script.
- **Database Management:** Microsoft SQL Server (SSMS, SQL Server Developer 2019), MySQL, JDBC, Database Modeling (Visual Paradigm).
- **Data Analytics & Business Intelligence:** Data Modeling (Relational Schema Design), Data Visualization (Power BI, Tableau, Microsoft Excel).
- **Systems Analysis & Design:** Business Requirements Analysis, Activity Diagram, System Sequence Diagram (SSD), CRC Diagram, Package Diagram, System Architecture Modeling.
- **Application Development & Platforms:** Microsoft Power Apps, Microsoft SharePoint.
- **Enterprise Systems:** ERP, CRM, SCM.
- **Development & Database Tools:** Visual Studio 2022, Eclipse, Visual Studio Code, DBeaver, TOAD.

EXPERIENCE

Bank Indonesia | *Jakarta, Indonesia*
Digital Transformation Analyst (Internship) | *April 2026 – October 2026*

- **Developed 3 applications** (**OVERSYS, SAKSI, and DIGIFESTAB3**) to support **business process digitalization, data management, and activity monitoring**.
- **Designed and developed OVERSYS and SAKSI using Microsoft Power Apps and SharePoint**, achieving approximately **80% implementation progress** to support internal business processes.
- **Designed and developed DIGIFESTAB3 using Google Apps Script**, centralizing **competition schedules, match results, documentation, competition information, and role-based access control** to support efficient competition management and monitoring.
- **Designed UI/UX interfaces and performed data cleaning, validation, transformation, and integration** to improve **data quality, consistency, and monitoring**, supporting reliable and user-oriented digital solutions.
- **Conducted regulatory benchmarking across 5 countries** and formulated **digital solution recommendations aligned with Bank Indonesia regulations** to support **payment system regulatory analysis**.
- **Supported Payment System Oversight activities**, including **field inspections of licensed KUPVA BB (Money Changers)**.

PT Mandiri Utama Finance (MUF) | *Jakarta, Indonesia*
Technical Writer (Internship) | *February 2025 – February 2026*

- **Conducted system requirement analysis** and **modeled business processes** using activity diagrams and process flows.
- **Contributed to multiple application projects**, including **CAMS (Cash & Asset Management System)** and **JF (Joint Finance)**, covering **diverse menus and feature modules**, while consistently **delivering tasks on time** and completing **deliverables ahead of schedule**.
- **Developed and maintained Technical Specification Documents (TSD)** based on **BRD analysis** and **application testing**.
- **Collaborated with cross-functional teams** (developers, DB engineers, testers, and system analysts) to ensure **documentation compliance with company SDLC standards** and support **system enhancements**.

Binus University - BINUS Graduate Program | *Jakarta, Indonesia*
Promotions Team (Part-Time) | *February 2024 – Present*

- Exceeded assigned targets by **selling 97+** graduate program registration forms.
- Assisted supervisors in **interviewing**, **onboarding**, and **mentoring new team members**.

ORGANIZATIONAL EXPERIENCE
